We clearly understand today's processing needs because we manage our own service centers processing thousands of tons per year. For over 60 years, we have served the industry worldwide. Today our affiliated companies offer more products than ever before.

Slitting & Edging Lines: Complete systems and components for processing a wide range of materials.

Levelers: Largest in the world - .500" to 7" thick x 168" wide x 6,000 tons of separating force.

Rolling Mills: 2-high, 4-high, 6-high hot or cold w/quick roll change and computer controlled AGC.

Cut-to-Length Lines: World's largest and fastest systems for maximum productivity.

Worldwide Services: Technical support and service on our equipment or yours.

4-High Rolling Mills: For light-gauge aluminum or steel, coil-to-coil.
